G. ADVERTISED PUBLIC HEARING ITEM(S) – CITY/FIRE DISTRICT

- G1. **PUBLIC HEARING FOR CONSIDERATION OF MUNICIPAL CODE AMENDMENT AND ZONING MAP AMENDMENT – CITY OF RANCHO CUCAMONGA** – Consideration of a proposal to amend Title 17 of the Municipal Code to incorporate new development standards related to, for example, structure height, modifications to existing topographical conditions, and the City's application processing requirements applicable to thirty-eight (38) properties that are located on the north and south sides of Camino Predera and all properties that have street frontage along Predera Court, a residential neighborhood generally located north of Foothill Boulevard/Pacific Electric (PE) Trail and west of Carnelian Avenue/Cucamonga Creek, in the Low Residential (L) Zone and amend the Zoning Map to establish an overlay zoning district ("Camino Predera Overlay") that identifies which properties are subject to the new development standards; APNs: 0207-631-01 through -11 and -14 through -25, and 0207-641-01 through -15. These amendments are exempt from environmental review pursuant to Section 15161(b)(3) of the California Environmental Quality Act (CEQA) Guidelines. DRC2020-00004 and DRC2022-00315. (**ORDINANCE NO. 1012**) (CITY)

City Manager Gillison introduced Jennifer Nakamura, Deputy Director of Planning, who provided the staff report for item G1. Correspondence received for item G1 included: (5) emails in opposition from: Renee Massey (2), Suzanne Buquet, Catherine Weber, and James and Renee Scott.

City Manager Gillison clarified that staff's recommendations on an agenda report are available to the public when they are final.

City Attorney Ghirelli reviewed a provision in Senate Bill 330, that drove the staff's recommendation to create optional development standards rather than mandatory standards. The City did oppose that Bill because it took away local control. The relevant provision of SB 330 provides that a City cannot reduce the intensity of zoning regulations applicable to property below what was allowed in 2018, without concurrently up-zoning other property to address the net loss of housing. This includes most development standards that would reduce site development capacity. Staff drafted the ordinance's proposed optional standards in order to provide a ministerial process for property owners and avoid the subjective Planning Commission and City Council process in order to incentivize reliance on those standards. Otherwise, a property owner would still have to comply with the underlying standards. The Planning Commission can apply subjective decisions if the underlying standards are utilized.

Mayor Michael opened the Public Hearing.

Larry Henderson, requested the item to be continued until there is District 1 representation and for staff to include in future staff reports a section that outlines the impacts of recent state mandates.

Renee Massey, opposed the item as presented.

Suzanne Buquet, opposed the item as presented.

Tom Snedeker, opposed the item as presented.

Mary Hannah, requested to continue the item until there is District 1 representation and opposed the item as presented.

Catherine Weber, opposed the item as presented.

Rob Patel, spoke in support of the item.

Sofia Vega, spoke in support of the item.

John Adams, spoke in support of the item.

Jay Adams, spoke in support of the item.

Erick Jimenez, requested the item be continued until there is District 1 representation.

Mayor Michael closed the Public Hearing.
